

WESTERN TRAINING

Capability Statement

WESTERN
TRAINING

WHAT WE DO

Western Training is a leader in the civil construction and Mining landscape. Paving the way for access, equity and progression in the construction industry across Western Australia through high quality training.

WHO WE ARE

Western Training is an esteemed organisation comprising a team of highly experienced RTO Trainers and Assessors. We are **committed to delivering quality** training to individuals seeking opportunities in the civil construction or mining industries, **whether they are starting their careers or aiming for advancement.**

While our core focus lies in civil construction, our true passion lies in **fostering genuine partnerships and forging successful pathways** from training to meaningful employment. At Western Training, we take pride in being one of Western Australia's leading registered training organisations. Our comprehensive live site training programs not only produce high-quality graduates but also empower them to excel in their careers from beginning to end.

OUR FACILITIES

FORRESTDALE FACILITY

KARGOTICH ROAD, OFF ROWLEY ROAD

Situated amidst a hub of major civil construction projects, our purpose-built training site in Armadale boasts a prime location. Spanning over 32 hectares of land simulating a live worksite, it provides an ideal setting for comprehensive civil construction training. The site's strategic positioning in the midst of these significant projects not only offers convenience but also allows participants to immerse themselves in a dynamic and live site learning environment. Furthermore, its close proximity to Armadale Station, just a short 10-minute drive away, ensures easy accessibility for individuals traveling from different areas. For our Workforce Australia participants, we offer a student transfer from Cockburn and Armadale Stations.

FACILITY FEATURES

- Purpose built
- 32 hectares of open flat land
- 10-minute drive from Armadale Train Station
- Plenty of parking
- Live site experience – surrounded in a hub of major civil construction projects
- Shuttle bus service from Cockburn Station

OSBORNE PARK FACILITY

1A/37 HECTOR STREET WEST

Our primary classroom site, situated in Osborne Park, offers a range of exceptional features and amenities. This recently built training facility boasts two well-equipped classrooms, providing an ideal environment for effective learning. With central access and ample parking available, accessing the site is both convenient and hassle-free. Our qualifications are delivered at this location ensuring a supportive and enriching learning experience for our students. Whether it's the modern infrastructure or the comfortable amenities, our Osborne Park training site is designed to enhance the educational journey of our students.

FACILITY FEATURES

- 2 Classrooms
- Central access
- Plenty of parking
- WIFI
- Access to student tablets for online learning
- Qualification delivery

OUR CAPABILITIES

ACCREDITED SHORT COURSES

We offer over 300 nationally accredited short courses to ensure no matter what your training requirements are, we have the flexibility and knowledge to deliver.

MACHINE COURSES

RIIHAN307E

Operate a vehicle loading crane

RIIHAN308F

Load and unload plant

RIIHAN309F

Conduct telescopic materials handler operations

RIIHAN311F

Conduct operations with integrated tool carrier

RIIMPO206D

Conduct bulk water truck operations

RIIMPO304E

Conduct wheel loader operations

RIIMPO309F

Conduct wheeled dozer operations

RIIMPO317F

Conduct roller operations

RIIMPO318F

Conduct civil construction skid steer loader Operations

RIIMPO320F

Conduct civil construction excavator operations

RIIMPO321F

Conduct civil construction wheeled front end loader operations

RIIMPO323E

Conduct civil construction dozer operations

RIIMPO324F

Conduct civil construction grader operations

RIIMPO326E

Conduct water vehicle operations

RIIMPO334E

Conduct skid steer loader operations using attachments

RIIMPO337E

Conduct Articulated Haul Truck Operations

RIIMPO338E

Conduct rigid haul truck operations

RIIVEH201E

Operate a light vehicle

RIIVEH304E

Conduct tip truck operations

RIIVEH305F

Operate and maintain a four wheel drive vehicle

HIGH RISK LICENCES

CPCCLDG3001

Licence to perform dogging

CPCCLHS3001

Licence to operate a personnel and materials hoist

CPCCLHS3002

Licence to operate a materials hoist

CPCCLRG3001

Licence to perform rigging basic level

CPCCLRG3002

Licence to perform rigging intermediate level

CPCCLRG4001

Licence to perform rigging advanced level

CPCCLSF2001

Licence to erect, alter and dismantle scaffolding basic level

CPCCLSF3001

Licence to erect, alter and dismantle scaffolding intermediate level

CPCCLSF4001

Licence to erect, alter and dismantle scaffolding advanced level

TLILIC0003

Licence to operate a forklift truck

TLILIC0005

Licence to operate a boom type elevating work platform (boom length 11 metres or more)

TLILIC0020

Licence to operate a slewing mobile crane (over 100 Tonnes)

TLILIC0021

Licence to operate a slewing mobile crane (up to 100 Tonnes)

TLILIC0022

Licence to operate a slewing mobile crane (up to 20 Tonnes)

TLILIC0023

Licence to operate a slewing mobile crane (up to 60 tonnes)

TLILIC0024

Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)

TLILIC0040

Licence to operate a non-slewing mobile crane (greater than 3 tonnes capacity)

QUALIFICATIONS & GENERAL COURSES

We currently deliver qualifications to over 100 apprentices/trainees that we deliver from the Osborne Park Facility and onsite.

QUALIFICATIONS

By collaborating closely with employers, we ensure that our apprenticeships and traineeships deliver industry-relevant training, thus preparing our students for successful careers. Our commitment to innovation extends to our state-of-the-art learning management system, which allows students to seamlessly complete their qualifications from anywhere and on any device. With our online portal, learners can access their training materials, participate in interactive modules, and track their progress, providing them with a flexible and convenient learning experience that aligns with their individual needs and schedules.

CPC30720

Certificate III in Rigging

CPC30920

Certificate III in Scaffolding

RII30120

Certificate III in Surface Extraction Operations

RII30820

Certificate III in Civil Construction Plant Operations

RII30920

Certificate III in Civil Construction

RII40720

Certificate IV in Civil Construction

TLI30122

Certificate III in Mobile Crane Operations

TLI40722

Certificate IV in Mobile Crane Operations

GENERAL COURSES

CPCCOM1016

Identify requirements for safe precast and tilt up work

CPCWHS1001

Prepare to work safely in the construction industry

CPPFES2005

Demonstrate first attack firefighting equipment

HLTAID011

Provide First Aid

MSMWHS217

Gas test atmospheres

RIICCM202E

Identify, locate and protect underground services

BWTM & TC

Basic Worksite Traffic Management & Traffic Control

RIICCM203E

Read and interpret plans and job specifications

RIICCM208E

Carry out basic levelling

RIISAM204E

Operate small plant and equipment

RIIWHS202E

Enter and work in confined spaces

RIIWHS204E

Work safely at heights

TLIA1001

Secure cargo

TLID0015

Load and unload goods/cargo

CPCCBC4022

Supervise tilt-up work

**OUR POINTS OF
DIFFERENCE**

CUSTOM TRAINING AND IMMERSIVE ENVIRONMENTS

POINT OF DIFFERENCE

Western Training has the capabilities to provide our clients with custom training solutions and to create immersive environments that transcend traditional learning experiences. With our innovative approach, we can create training programs that are tailored to meet specific industry requirements and organisational needs.

Our team is adept at developing immersive training experiences that simulate real-world situations, allowing participants to engage in hands-on learning within a safe and controlled environment. By replicating authentic scenarios, we enhance the effectiveness of training, enabling individuals to acquire practical skills and problem-solving abilities that directly apply to their respective fields.

By harnessing the power of custom training and immersive environments, we empower our clients to elevate their workforce's skills, knowledge, and capabilities. Whether it's refining specific technical competencies or fostering teamwork and decision-making skills, our tailored programs ensure that participants are fully prepared to excel in their respective industries.

DIVERSITY AND INCLUSION

POINT OF DIFFERENCE

EMPOWERING EMPLOYMENT PROGRAM

Collaborating with local employers, we train job seekers through our Empowering Employment Program, providing targeted construction training over two weeks.

STEP UP IN CIVIL

Step Up In Civil is our regionally based civil program supporting local job seekers from site based training into local jobs

WOMEN IN CIVIL

Western Training developed a five-week course to equip women with the skills needed for civil construction roles.

OUR PARTNERS

Connect Resources

CLIENT FOCUSSED

POINT OF DIFFERENCE

At Western Training, we do more than just provide training. We focus on meeting the needs of both students and employers. Specialising in upskilling for various projects, we ensure seamless integration with your needs.

Our commitment to clear communication is key. With a dedicated Account Manager, we make it easy to get information. Timely quotes and detailed enrolment letters show our transparency and ease of use.

We also offer robust insurance coverage and advanced software for efficiency. By building partnerships based on trust and excellence, we're dedicated to your success at Western Training.

OUR LEARNING MANAGEMENT SYSTEM

POINT OF DIFFERENCE

Our state-of-the-art LMS is designed to provide seamless access to course materials and resources, allowing you to complete your training from anywhere and on any device. With our online portal, you have the flexibility to engage in interactive modules, access learning materials, track your progress, and collaborate with trainers and fellow learners.

The LMS supports both online and offline learning, enabling you to complete your training even in environments with limited internet connectivity. Our user-friendly platform empowers you to take control of your learning journey, ensuring convenience, accessibility, and the ability to pace your training according to your individual needs. With our advanced Learning Management System, we are committed to delivering a modern and engaging training experience that maximises your learning outcomes.

- One doc service agreement
- Offline learning
- Remote learning
- Available from any device at anytime from anywhere

VERIFICATION OF COMPETENCIES

POINT OF DIFFERENCE

This sets us apart from other training providers and underscores our dedication to ensuring the competence and proficiency of individuals in their respective fields. We assess and validate the skills, knowledge, and capabilities of individuals, verifying their competence to perform specific tasks or operate machinery and equipment.

Western Training can provide onsite Verification of Competency where the appropriate equipment and environment are provided by the employer. Individual or group options are available, and are subject to possible discounted rates.

By offering Verification of Competencies, Western Training demonstrates its unwavering focus on delivering industry-relevant training and ensuring the ongoing proficiency of individuals, ultimately contributing to a safer and more skilled workforce.

- Onsite Verification of Competency – we come to you
- Discounts available for groups
- Contributing to a safer and more skilled workforce

COLLABORATIVE APPROACH

POINT OF DIFFERENCE

At Western Training, we pride ourselves on our collaborative approach to training and development. We actively engage with a network of employers, partnered industry leaders, and Aboriginal organisations to foster strong partnerships and ensure that our training programs remain relevant and optimised for the ever-changing needs of industries. By actively listening to our clients and understanding their specific requirements, we are able to design and deliver the highest quality training materials that align with their objectives.

For our tailored organisational training courses, we take a deep dive into understanding the unique goals and challenges of each organisation. By working closely with our clients, we gain valuable insights into their training needs, allowing us to customise our programs to maximise effectiveness. We believe that this collaborative approach is crucial in delivering training solutions that address specific gaps in knowledge and skills, ensuring a tangible impact on individual and organisational performance.

By fostering open communication and collaboration, we create a strong partnership with our clients, enabling us to provide training that not only meets but exceeds their expectations. Our collaborative approach ensures that our clients receive training that is precisely tailored to their requirements, resulting in enhanced productivity, improved efficiency, and overall success in their respective industries.

- Partnered with industry leaders and employers to optimise our training
- We work closely with clients to gain insights and build tailored training for organisations
- Tailored training can address specific gaps that regular training does not offer

INTRODUCTION TO CIVIL

This dynamic program offers a truly immersive training experience, utilising live works project simulations to recreate real-world work environments. By the program's end, participants will earn nationally accredited Statements of Attainment in the operation of 5 machines and Basic Worksite Traffic Management and Traffic Control.

- 4 Week Course
- 6 Programs Every Year
- 85% of Training is Made Up of Machine Hours

UNIT OUTLINE

CPCWHS1001

Prepare to Work Safely In the Construction Industry (White Card)

RIIMPO321F

Conduct Civil Construction Wheeled Front End Loader Operations

RIIMPO326E

Conduct Water Vehicle Operations

RIIMPO317F

Conduct Roller Operations

RIIIMPO337E

Conduct Articulated Haul Truck Operations

TLILIC0005

Licence to Operate a Boom-Type Elevating Work Platform (Boom Length 11 Metres or More)

RIIWHS302E

Implement Traffic Management Plans

RIIWHS205E

Control Traffic with Stop-Slow Bat

INTRODUCTION TO RIGGING

This highly optimised program provides comprehensive training specifically designed for those seeking careers in Dogging and Rigging. Students develop proficiency in a diverse range of rigging techniques, safety protocols, and industry best practices that are crucial for success within the construction industry.

- 3 Week Course
- 4 Programs Every Year

UNIT OUTLINE

CPCCCM3003

Work safely around electrical sources, services and Assets

CPCCOM1012

Work effectively and sustainably in the construction industry

CPCCOM1013

Plan and organise work

CPCCOM1014

Conduct workplace communication

CPCCOM1015

Carry out measurements and calculations

CPCCOM2001

Read and interpret plans and specifications

CPCCWHS2001

Apply WHS requirements, policies and procedures in the construction industry

CPCCLDG3001

Licence to perform dogging

CPCCLRG3001

Licence to perform rigging basic level

INTRO TO MOBILE CRANES

This program is specifically designed to prepare individuals for entry-level roles in the mining industry. Over the course of 4 weeks, students encounter a variety of real-world situations and challenges, learning how to address them effectively and safely.

- 4 Week Course
- 4 Programs Every Year
